INTRODUCTION

You have purchased a property. You want to do a vacation rental.

NOW WHAT?

Stay Revy can help and provides a complete and bespoke service to all our owners – not just renting your property for more and longer but also;

- A complete property management service
- A property “design and deliver” service that is unique in Revelstoke and delivers a “Rental Ready” property

**WE DEAL WITH EVERYTHING YOU WANT
US TO**

PROPERTY “DESIGN AND DELIVER” SERVICE

The interior design of your vacation rental can have a much bigger impact on bookings than you may think. Design and décor can attract guests and leave lasting impressions on guests leading to strong reviews and repeat bookings.

With our tailored approach to design, we have created condominiums that will impress every guest, keep you competitive in Revelstoke’s growing market and increase your property’s profitability.

What’s more, we deliver the design. Once you have chosen the design, either from our Design Packages or our Bespoke Design Approach,

- We will procure everything
- We will fit everything
- We will ‘stage’ your property

ALL AS SPECIFIED IN THE AGREED DESIGN DOCUMENTATION.

PROPERTY “DESIGN AND DELIVER” SERVICE

It is not just design – it is design and delivery!

You choose between our three design concepts – Begbie, Macpherson or Cartier – or work with us to create a Bespoke Design and we make it happen.

**- YOUR PROPERTY
WILL BE “RENTAL
READY” WITH NO
HASSLE**

OUR DESIGN CONCEPTS

Stay Revy has created three design concepts with the owner and the vacation rental guest in mind.

Select from one of our set packages and let Stay Revy handle the design and delivery process for you. We take care of everything from sourcing and procuring your furniture, receiving and storing it in Revelstoke, to setting it up at the property and finishing off with professional photography for your listing.

Your property will be “Rental Ready”!

BENEFITS TO OUR DESIGN CONCEPTS

By choosing a set design package, you can be sure you have everything required to get your property up and running as fast as possible. At Stay Revy, we understand how important rental income, guest experience and efficiency is to you.

SELECT A DESIGN AND WE HANDLE THE REST.

Our dedicated team will be sure that you receive a hassle-free approach to setting up your vacation rental in Revelstoke. Sit back and let us take care of the rest. Your property will be “Rental Ready”.

For a set fee, which varies between the concepts, you will receive for your vacation rental:

- Procurement and delivery of all furnishings – all costs included
- Procurement and delivery of bedding, bathroom and kitchen items – all costs included
- Receiving and storing of items until the property is ready for occupation
- Staging and set up of the property – “Rental Ready”
- Photography of the property for the rental publicity

HOW OUR CONCEPTS WORK

Prior to the ordering and delivery process, you will receive and review the following:

- Design Concept Moodboards
- Concept and 3D designs
- Initial Budget
- Selections package

Enabling you to see the vacation rental design you have chosen.

**WE WILL AGREE ON THE DESIGN
DOCUMENTATION - AND THAT IS
WHAT WE WILL DELIVER.**
